DEPARTMENT OF THE INTERIOR

U.S. Geological Survey

Call for Nominations to the National Geospatial Advisory Committee

ACTION: Call for nominations.

SUMMARY: The Department of the Interior is seeking nominations to serve as members of the National Geospatial Advisory Committee (NGAC). The NGAC is a Federal Advisory Committee established under the authority of the Federal Advisory Committee Act (FACA). The Committee provides advice and recommendations to the Secretary of the Interior through the Federal Geographic Data Committee (FGDC) and functions solely as an advisory body. The Committee provides recommendations and advice to the Department and the FGDC on policy and management issues related to the effective operation of Federal geospatial programs.

SUPPLEMENTARY INFORMATION: The Committee conducts its operations in accordance with the provisions of FACA. It reports to the Secretary of the Interior through the Federal Geographic Data Committee (FGDC) and functions solely as an advisory body. The Committee provides recommendations and advice to the Department and the FGDC on policy and management issues related to the effective operation of Federal geospatial programs.

The NGAC includes up to 30 members, selected to generally achieve a balanced representation of the viewpoints of the various stakeholders involved in national geospatial activities. NGAC members are appointed for staggered terms, and nominations received through this call for nominations may be used to fill vacancies on the Committee that will become available in 2015 and 2016. Nominations will be reviewed by the FGDC and additional information may be requested from nominees. Final selection and appointment of Committee members will be made by the Secretary of the Interior. Individuals who are Federally registered lobbyists are ineligible to serve on all FACA and non-FACA boards, committees, or councils in an individual capacity. The term “individual capacity” refers to individuals who are appointed to exercise their own individual best judgment on behalf of the government, such as when they are designated Special Government Employees, rather than being appointed to represent a particular interest.

The Committee meets approximately 3–4 times per year. Committee members will serve without compensation, but travel and per diem costs will be provided by USGS. The USGS will also provide necessary support services to the Committee. Committee meetings are open to the public. Notice of committee meetings is published in the Federal Register at least 15 days before the date of the meeting. The public will have an opportunity to provide input at these meetings.

Kenneth Shaffer,
Deputy Executive Director, Federal Geographic Data Committee.
