

NGAC Action Plan

Proposed Subcommittee Assignments

Strategic Plan: Vision	Strategic Plan: Federal Role +	Strategic Plan: External Factors	Geo Platform	A-16 Guidance Portfolio Mgt	Landsat (LAG)
Federal Liaisons D. Cotter (DHS) I. DeLoatch, (FGDC)			Federal Liaison J. Johnston (DOI)	Federal Liaison A. Gardner (NASA)	Federal Liaison T. Newman (USGS)
Co-Chairs R. Austin K. Clarke			Co-Chairs M. O'Connell A. Spicci	Co-Chairs D. McKay P. Olson	Co-Chairs (K. Green) R. Mitchell
Members D. DiSera (Lead) T. Brooks M. Gentile D. Richardson M. Reichardt	Members G. Trobia (Lead) J. Dangermond A. Miglarese M. Vogt	Members B. Granberg (Lead) D. Clark F. Harjo M. Jones C. Merry	Members S. Coast J. Gabrynowicz J. Maguire D. Wyatt	Members R. Mitchell M. Motsko T. Nyerges G. Thompson	Members J. Gabrynowicz A. Spicci *External Members

Draft 4/3/13

NSDI Strategic Plan: Vision

Guidance: Provide input to review, validate, and provide perspectives to help develop a shared vision of the NSDI.

Study Questions:

- What is the collective vision for the NSDI in 2016?
 - What does it look like? What has the NSDI become?
 - How do we know when we've achieved it?
 - Describe the NSDI in behavioral terms.
- What sorts of products or services does it offer?
- What value does it bring to its stakeholders and customers?

Expected Product:

- Concise written response to questions (2 pages).
 - Review NSDI vision descriptions & statements from 1994 – 2009.
 - Provide analysis and synthesis.

Liaisons	Co-Chairs	Members
D. Cotter (DHS) I. DeLoatch (FGDC)	R. Austin, K. Clarke	D. DiSera (Lead), T. Brooks, M. Gentile, D. Richardson, M. Reichardt

NSDI Strategic Plan: Role of the Federal Community

Guidance: Provide input to help define the current and future role of the Federal government in advancing the development of the NSDI and to help define the roles and relationships among Federal agencies and non-Federal partners.

Study Questions:

- What is the role of the federal geospatial community in the further development of the NSDI?
- What are the roles of the other sectors – non-federal government, academia, or private sector?
- What is the relationship with and partnerships needed between and among the sectors?

Expected Product:

- Concise written response to questions (2 pages).
 - Review outputs from Leaders Forum & Federal Workshop.
 - Provide analysis and synthesis.

Liaison	Co-Chairs	Members
D. Cotter (DHS) I. DeLoatch (FGDC)	R. Austin, K. Clarke	G. Trobia (Lead), J. Dangermond, A. Miglarese, M. Vogt

NSDI Strategic Plan: External Factors

Guidance: Provide input to help define key external factors and trends in the geospatial community which will have an impact on the continued development of the NSDI.

Study Questions:

- What are the external trends or factors that may affect the further development of the NSDI and full implementation of the strategy?
- Consider industry trends, economic climate, political factors, technology, social media, and uncertainties.

Expected Product:

- Concise written response to questions (2 pages).
 - Review outputs from Leaders Forum & Federal Workshop.
 - Provide analysis and synthesis.

Liaison	Co-chairs	Members
D. Cotter (DHS) I. DeLoatch (FGDC)	R. Austin, K. Clarke	B. Granberg (Lead), D. Clark, F. Harjo, M. Jones, C. Merry

Geospatial Platform Implementation/Partnership Models

Guidance: The FGDC requests continuing input and feedback as the Platform moves into implementation phase.

Study Questions:

- Data as a Service (DAAS) Public-Private Partnerships
 - How can public-private partnerships to provide DAAS work most effectively? What models or best practices would the NGAC recommend for consideration?
 - What are the optimal approaches and best practices for public-private partnerships to make commercial data available for execution of government missions?
- Geospatial Platform Implementation
 - Provide feedback on technical, administrative, and governance-related topics relevant to the Geospatial Platform as implementation progresses.

Expected Products:

- Summary Paper on Public-Private Partnership Models for DAAS
- Real-time feedback via webinar on platform implementation & enhancements
- Summary report to NGAC membership documenting feedback

Liaison	Co-chairs	Members
J. Johnston (DOI)	M. O'Connell, A. Spicci	S. Coast, J. Gabrynowicz, J. Maguire, D. Wyatt

A-16 Guidance/Portfolio Management Implementation

Guidance: Provide continuing feedback and comment on the A-16 / portfolio management plan as it is developed.

Study Questions:

- Provide continuing feedback and comment on the A-16 / portfolio management plan as it is developed.

Expected Products:

- Real-time feedback on the conceptual approach for the A-16 / Portfolio Implementation Plan.
- Review and written comment on the implementation plan once drafted.

Liaison	Co-Chairs	Members
A. Gardner (NASA)	D. McKay, P. Olson	R. Mitchell, M. Motsko, T. Nyerges, G. Thompson,

Landsat Advisory Group (LAG)

Guidance: Provide advice, through the NGAC and in collaboration with the Landsat Science Team, on the requirements, objectives, and actions of the Landsat Program.

Study Questions:

- Potential new applications of Landsat imagery
- Current and future Landsat data and information product characteristics
- New approaches to data management and distribution
- Dialogue with industry on future development of terrestrial Climate Data Records (CDRs)
- Review and comment on NRC report – Land Imaging Program
- Partnership opportunities to maintain land imaging capability

Expected Products:

- Brief paper(s) in response to government questions outlined in guidance

Liaison	Co-Chairs	Members
T. Newman (USGS)	(K. Green) R. Mitchell	J. Gabrynowicz, A. Spicci (other non-NGAC members)
