2016 Update**

Gary Thompson, Chair

Summary of Activities - 2015

- NAPA Report Recommendation

Draft NGAC Resolution

The NGAC endorses the following recommendation in the National Academy of Public Administration's (NAPA) "*FEMA Flood Mapping: Enhancing Coordination to Maximize Performance*" report:

Recommendation 15: *The Office of Management and Budget should use the 3DEP implementation plan for nationwide elevation data collection to guide the development of the President's annual budget request.*

The NGAC encourages the FGDC agencies and OMB to consider and take action to implement this recommendation.

Summary of Activities - 2015

- Emerging LiDAR Technology

USGS has invited multiple vendors to fly their new LiDAR sensors over a test site that has conventional LiDAR and survey control to assess and evaluate these emerging technologies. We applaud USGS for their proactive response and willingness to look at the potential benefits of this new technology in regards to its application for 3DEP.

Next Steps

- Maintain contact with our 3DEP federal contacts at USGS and provide assistance when requested
