

# NGAC Geospatial Platform Subcommittee – June 2011

- **Chair:** Anne Miglarese
- **Members:** D. Clark, J. Johnston, B. Krucoff, L. Kurilla, J. Pellicci, C. Salas, G. Schiller, G. Thompson
- **Purpose:** Upon request of the FGDC, provide feedback and advice on opportunities to facilitate interagency and intergovernmental collaboration in implementing the Geospatial Platform.

# Geospatial Platform Implementation

## Approach & Focus:

- Continue the current Subcommittee and add new members.
- Address current and future requests from the FGDC Community, including the following:
  - What specific offerings (data, services, applications) are available from State/Regional/Local/Tribal governments that could be integrated with the Federal Geospatial Platform in the short term?
  - What incentives could the Federal government consider to encourage non-Federal contributions to the Platform?
  - What are the best mechanisms for identifying ongoing requirements and potential contributions to the Platform from our State/Regional/Local/Tribal partners?

# Geospatial Platform Implementation

## Current and Planned Activities

- Incorporate information from Data Sharing Best Practices Summary Report into the Subcommittee's activities
  - Assess horizontal and vertical data sharing, what is going to help us shape a path forward? What is the experience with fusion centers?
  - Assess data sharing / collaboration strategies for applicability to the Platform
- Assess Geospatial Platform business and financial models as they are developed and refined. Key questions may include:
  - What is the path from the "As is" to the "To be" state?
  - How should contracts and Service Level Agreements be structured?
  - What are the decision points for key decisions?
  - Finish analysis of incentives and benefits for different participants (started by Barney during last session).
