Explorer

Look at popular datasets and find out what can be done with various datasets. If you're looking for a specific dataset either use the search feature or browse datasets by category.

Developer

Find resources to develop your own datasets, resources on data formats, and find examples of what others have done and how they've done it.

Publisher

Upload and register your datasets here to share with other FGDC members and agencies. You retain ownership of all datasets you publish to the Geoplatform, but others can use your data.
