ACTION: Notice of receipt of permit
applications; request for comments.

SUMMARY: We, the U.S. Fish and

applications for permits to conduct
activities intended to enhance the
propagation or survival of endangered
or threatened species under the
Endangered Species Act. We invite the
public and local, State, Tribal, and
Federal agencies to comment on these
applications. Before issuing any of the
requested permits, we will take into

consideration any information that we
receive during the public comment
period.

comments on or before June 10, 2019.

methods to request documents or
submit comments. Requests and
comments should specify the applicant

SUPPLEMENTARY INFORMATION: We, the
U.S. Fish and Wildlife Service, invite
the public to comment on applications
for permits under section 10(a)(1)(A) of
the Endangered Species Act of 1973, as
amended (ESA; 16 U.S.C. 1531 *et seq.*).
The requested permits would allow the
applicants to conduct activities
intended to promote recovery of species

that are listed as endangered or
threatened under the ESA.

Background

With some exceptions, the ESA
prohibits activities that constitute take
of listed species unless a Federal permit
is issued that allows such activity. The
ESA's definition of "take" includes such
activities as pursuing, harassing,
trapping, capturing, or collecting, in
addition to hunting, shooting, harming,
wounding, or killing.

A recovery permit issued by us under
section 10(a)(1)(A) of the ESA
authorizes the permittee to conduct
activities with endangered or threatened
species for scientific purposes that
promote recovery or for enhancement of
propagation or survival of the species.
Our regulations implementing section
10(a)(1)(A) for these permits are found
at 50 CFR 17.22 for endangered wildlife
species, 50 CFR 17.32 for threatened
wildlife species, 50 CFR 17.62 for
endangered plant species, and 50 CFR
17.72 for threatened plant species.
