Discussion leaning toward

- Significantly elevated public-private engagement in national collaborative governance process
- Equity at the table for Federal, State, Tribal, regional and local government, private sector representatives
- Facilitation through independent body
- Comprehensive national communications program deemed urgent
- Collaborative piloting as an approach to evolving the NSDI
In closing

- OGC and NSGIC share a deep commitment to the goals of the GDA, NSDI Strategic Plan and FAIR principles

- We commend the tremendous work of the FGDC in building stakeholder support. Through these workshops we believe that greater level of public – private engagement can be achieved

- There is opportunity in the near-term to evolve a stronger, more inclusive, and equitable national public – private collaborative governance process to advance the NSDI
