Overarching Goals for Today

Reflect upon and learn from past meeting activities, initiatives, and CG feedback.

What is working? 👍   What is not? 👎

Discuss the current 'state of play' for:

Coordination & Governance Activities

2015 FGDC/CG Body of Work

Brainstorm and **develop a CG work plan** to:

Refactor CG tasking and align CG operations to help better accomplish NSDI/NGDA milestones.

Improve engagement with CG partners 👤+

Meeting Expectations: Interactive Dialogue to Gain Mutual Understanding for how the CG Answers These Kinds of Questions:

What should be the current role of the CG in relation to the FGDC Steering Committee and Executive Committee?

How should the CG interact with Data Themes, Subcommittees, and Working Groups? *(i.e. coordination and reporting mechanisms)*

What are the current NSDI Strategic Plan priorities and how does the CG align with those priorities to support execution? *(structure, meeting cadence , etc.)*

What is the CG's role in helping to operationalize the Geospatial Platform?

Time Invested vs. Value Received – How to make CG meetings more productive and generate value for your organizations?

What are the preferred meeting locations, format, and logistics going forward to best support CG activities?

Reflect on: **Where We are Today**
