

U.S. General Services Administration

NGA CIBORG & IT Schedule 70 Briefing to the FGDC

September 13, 2016

Overview – IT Schedule 70

- The solicitation on FebBizOpps, is open continuously and vendors can submit an offer or modification at any time
- Flexibility to adapt to changing market needs
- Participation by new and innovative vendors
- May establish Blanket Purchase Agreements (BPAs) which support increased efficiency
- Currently 25 Special Item Numbers (SINs) or IT Categories of services and products
- Accessible to federal, state and local government

IT Schedule 70 Vendor On-Boarding Support

- Solicitation contains evaluation factors (Corporate Experience, Past Performance, Quality Control, Relevant Project Experience (for services), and price)
- Dedicated team to support new offers & modifications
- Frequent vendor training sessions
- Updates available via GSA Interact - IT Schedule 70 Group

Making It Easier Initiatives

- FAST Lane: Reduces the time it takes to get specific new innovative IT suppliers on Schedule 70 as well as the time it takes for changes to be made to a current contract. The FAST Lane program ensures agencies have quicker access to emerging technologies and innovative suppliers.
 - Dedicated personnel for FAST Lane processing
 - Reducing the time to get on Schedule 70 from 110 days to 45 days
 - Modifications processed in an expedited manner
- Startup Springboard: Allow highly qualified businesses an alternative to the current 2-year professional experience requirement.
 - Using the professional experience of their executives and key personnel as a substitute for having two years of corporate experience
 - Using the project experience of key personnel as a substitute for having relevant corporate past performance
 - Providing financial documentation that demonstrates the company's financial responsibility in lieu of submitting two years of financial statements
 - IT Schedule 70 Plain Language Roadmap: Developed a clear and concise way that explains the Schedule 70 offer process for new vendors in discrete and simple terms in a step-by-step guide.

Draft Revised SIN 132-55

SIN	Description

- ❖ Black Sky
- ❖ Harris Geospatial
- ❖ Digital Globe
- ❖ Observera
- ❖ Planet Lab
- ❖ Leidos
- ❖ e-GEOS

Next Steps

- Solicit feedback from the CAC and FGDC on the NGA/GSA strategy to move forward specifically the creation of a government-wide blanket purchase agreement (BPA)
- Establish a cross-governmental team to develop requirements for a government-wide BPA
- Continue to share information on the strategy to procure earth observation products and services while soliciting feedback from all stakeholders
