

**Publish:** *The action of NGS providing to the public the official National Spatial Reference System (NSRS) time dependent geodetic coordinate set on a mark.*

**Submit:** *The act of a user releasing to NGS the observations, metadata and results of geodetic surveys tied to the NSRS for the express purpose of NGS evaluating the survey and publishing if appropriate.*

**Datasheet:** *A report containing the published NSRS time dependent coordinate set on a mark, as well as subsidiary information and metadata such as superseded coordinates, descriptions and recovery history of the mark.*

**Share:** *The act of a user releasing to NGS the observations, metadata and results of geodetic surveys tied to the NSRS for public availability.*
