

# New Datums Communications

Federal Geodetic Control Subcommittee Meeting  
July 24, 2014

# new datums: outline

- objectives
- strategies
  - events
  - outreach
  - stakeholders
- discussion

# new datums: objectives

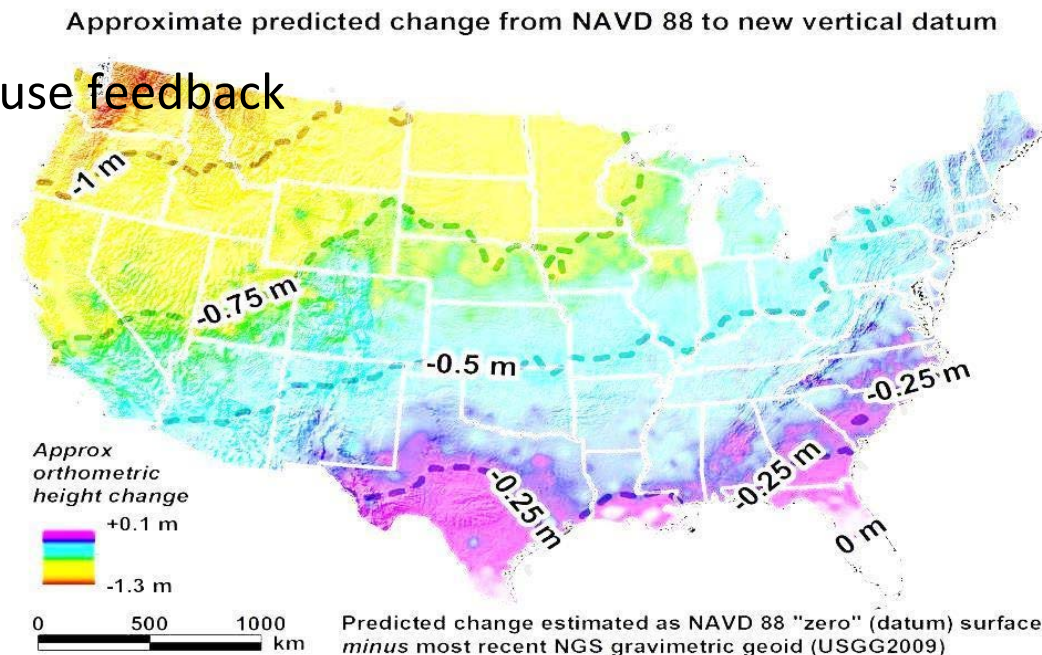

1. increase stakeholder awareness
1. spur agencies to prepare to use new datums
1. use feedback to improve process and tools

# new datums: partners

1. National consortium/associations
2. International governments and associations
3. Federal agencies
4. NOAA program offices
5. Non-federal public sector (e.g. state or local government)
6. Universities
7. Private Sector (e.g. surveyors or equipment manufacturers)

# new datums: strategies

1. messaging, clear and concise
2. outreach materials
3. web content and tools
4. events (host and attend)
5. engage stakeholders, use feedback

# new datums: outreach

- new datums videos

- *What are geodetic datums?*
- *How were geodetic datums established?*
- *What is the status of today's geodetic datums?*
- *What's next for geodetic datums*

- xGEOID14B experimental model

- online learning: [http://www.ngs.noaa.gov/corbin/online\\_learning.shtml](http://www.ngs.noaa.gov/corbin/online_learning.shtml)
- presentation library: [http://www.ngs.noaa.gov/web/science\\_edu/presentations\\_library/](http://www.ngs.noaa.gov/web/science_edu/presentations_library/)

# new datums: stakeholders

- National Society of Professional Surveyors
  - NGS meets quarterly
- Height Modernization Partners
  - NGS hosts Monthly Coordination telecon
  - Regions host regular meetings and workshops
- FGDC (FGCS)

# new datums: events

- Federal Geospatial Summits
  - [May 2010](#)
  - May 2015 planned
- Other regular meetings
  - FGCS
  - Height Modernization: monthly telecon, annual meeting

# Coming soon

## New datums home-page

- Project / datum names
- Link to resources
- FAQ

# new datums: discussion

- What outreach would be most useful?
- What other meetings/venues/groups?
- How best collect feedback from stakeholders?
- Do you already have feedback?
